Others Present: Casey Patterson, Jason Horter, Dennis Kaminski

Meeting was called to order at 7:00pm.
The minutes from Feb. 4, 2016 meeting were approved.

Application was made by Jason Horter for property located at 18000 Red Pine Dr. to build a pole barn on property that does not meet township setbacks- but because existing barn had burned down the new barn will be built on existing footprint.

After considerable discussion a motion was made by Matt and seconded by Mike to allow a variance to build a building not to exceed 1300 sq. ft. structure and the north wall of the new building does not move any further north of the original structure. The new building must stay out of the clear-vision area of the corner.

AYES: Drent, Stark, Ferguson, Towns, Skrabis
NAYES: None

Authorization for the request is found in Chapter 19 Sec. 19.03(C) Reconstruction of Non-conforming building & 20.03 (a) (1-3) Motion carried.
Meeting adjourned.

Respectfully Submitted,

Ione Stark, Secretary
